20 April	20,805	1,692	9,214	837
21 April	22,734	1,405	9,141	1,399
22 April	28,519	1,116	9,105	1,391
23 April	28,021	678	9,616	1,399

25 April	27,761	353	9,284	1,366 *

25X1A Comment. As compared with the last reported period, the number of freight cars claimed by the Soviets continued to rise until 18 April. It then gradually decreased until 22 April and dropped sharply to the normal level after 23 April. This development indicates that Soviet troop movements in connection with the summer training of units are now essentially completed.
